

Rancho Cucamonga Animal Care and Services Department ADOPTION POLICY

Thank you for choosing to adopt an animal. By choosing to adopt a pet you have already joined the ranks of those saving lives and for that we thank you. We hope that your life with your new pet will be as happy and fulfilling as you do. Because adoption a pet is a life-long commitment and not one to be entered into lightly, we ask that you read the below adoption process carefully and help us to help you find your new family member.

We must ask that you

- Are at least 18 years of age.
- Possess a valid Driver's License or State Identification ID.
- Either own your own home or, if you rent, can provide a copy of your lease stating you can have pets.
- Have all members of the family or residents of the home present to meet the potential pet.
- Be prepared to bring any resident dogs in to introduce to all potential adopted dogs prior to adoption.

Your satisfaction is very important to us. We will make every possible effort to make the adoption process as simple as possible, while still ensuring that animals are placed responsibly. We ask that you read carefully and understand the following:

- Pets are adopted "as is" – we do NOT make any guarantees as to the health, age, and/or temperament of any pet we adopt out.
- A pet CANNOT be adopted as a gift for another person.
- ALL dogs and cats will be sent directly from RCACAC to be spayed or neutered (exceptions can be made due to weight and medical condition).
- We retain the right to REFUSE an adoption to anyone.
- Adoption fees will not be returned if adopted pet is returned back to the shelter.
- Adoptions are completed on a "first come, first serve basis." In certain cases, we do take multiple applications on an individual animal to best place that animal in an appropriately matched home.
